

# "Dream Plan" Becomes Reality (the difference of Shaklee compensation plan)

## Justin Rose

Justin Rose has worked in the direct selling industry for over twenty two years. Throughout his career he has always focused on partnering with Distributors to help insure their success.

After beginning his career with Nu Skin Enterprises in 1989, he quickly advanced into management and played a key role in their expansion into Mexico.

Justin expanded his career in direct sales and went on to hold key sales and marketing positions with two other multi level organizations.

He returned to Nu Skin in April, 2000, and for the last six years he was president of the North American Division of Nu Skin. During this time he was instrumental in helping the North American market more than double their revenue which exceeded all expectations.

As for his next endeavor, Justin states, "I could not be any more thrilled about the opportunity to work for Shaklee, which I believe has the most dedicated and knowledgeable distributors in the industry." "I believe this a monumental time for this great company, and I feel very fortunate to have the opportunity to be a part of it."

Justin is married to Whitney Rose and has four wonderful children.

**As for his topic**, he will discuss how the "Dream Plan" can become a reality, the difference between Shaklee and other multi level companies and show how Shaklee's compensation plan far exceeds the income potential of any of those other companies. He will also discuss what is working today and how one can achieve their dreams by working the plan.
